

(Only Designer should able to create new studies).

hide the home page for admin

instead of blank adjacent space the users below block should get adjacent to above.

remove the generate new report button as of now.

2 comments on this screen

M1 2 hours ago
Please update the label for question 3

M3 5 hours ago
Validation rules look good for age field

Add a comment... Use @M1, @M2, @M3 to mention team members

Add Comment

In each page one Question should display with next and previous button. Remove screen tab also form should be seen mobile view with each Question separately.

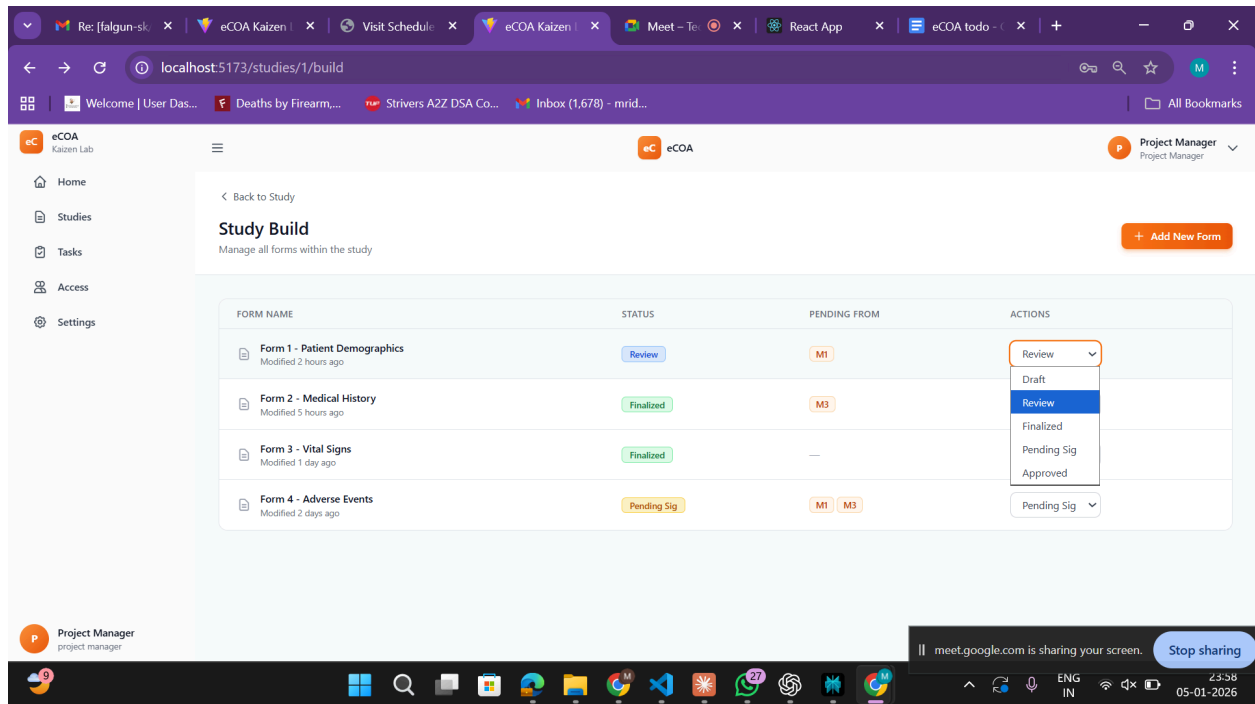

Study Build

Manage all forms within the study

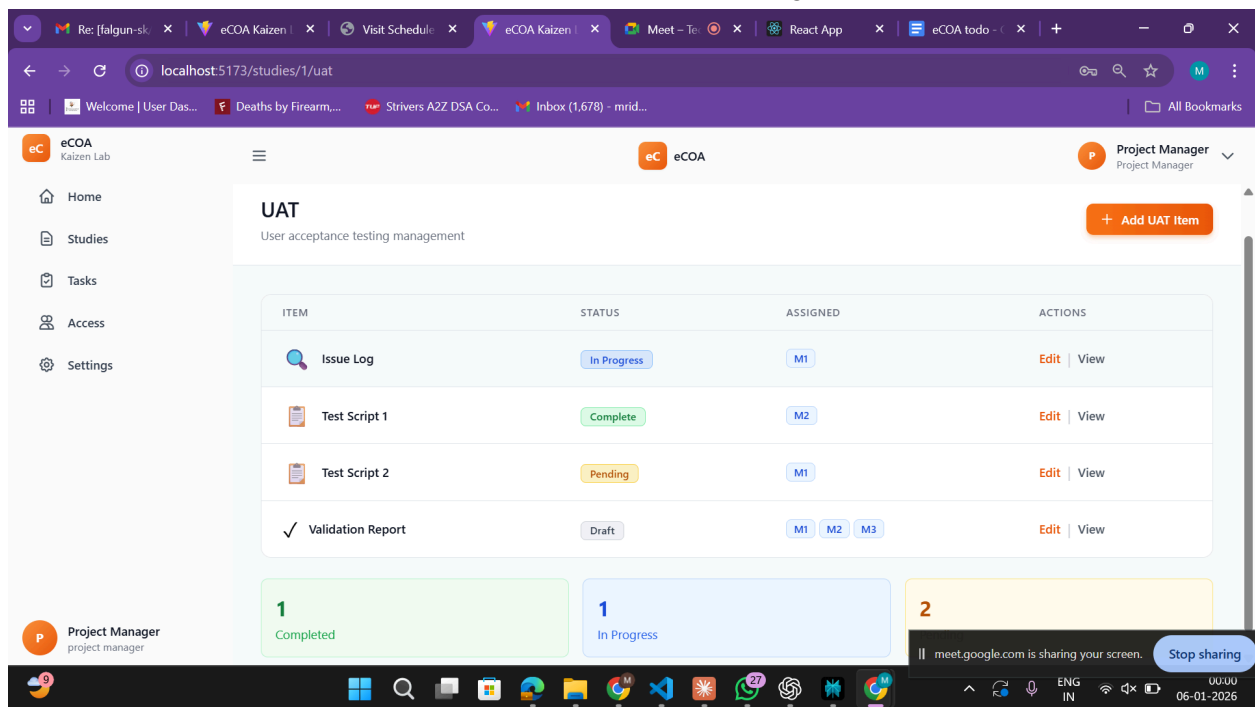

+ Add New Form

FORM NAME	STATUS	PENDING FROM	ACTIONS
Form 1 - Patient Demographics Modified 2 hours ago	Review	M1	Review
Form 2 - Medical History Modified 5 hours ago	Review	M3	Review
Form 3 - Vital Signs Modified 1 day ago	Finalized	—	Finalized
Form 4 - Adverse Events Modified 2 days ago	Pending Sig	M1 M3	

remove the add new from button as it will be done by designer

remove the Action from here. Keep the Action dropdown things inside the form.

Keep one more option Upload in Actions column

The screenshot shows the eCOA Kaizen Lab interface. The left sidebar contains navigation links: Home, Studies, Tasks, Access, and Settings. The main content area displays a table with the following data:

ITEM	STATUS	ASSIGNED	ACTIONS
Issue Log	In Progress	M1	Edit View
Test Script 1	Complete	M2	Edit View
Test Script 2	Pending	M1	Edit View
✓ Validation Report	Draft	M1 M2 M3	Edit View

Below the table, there are three summary boxes:

- 1 Completed** (Green box)
- 1 In Progress** (Blue box)
- 2 Pending** (Yellow box)

The top right corner shows the user 'Project Manager' with a dropdown arrow. The bottom of the screen shows a Windows taskbar with various application icons and a system tray with the date '06-01-2026'.

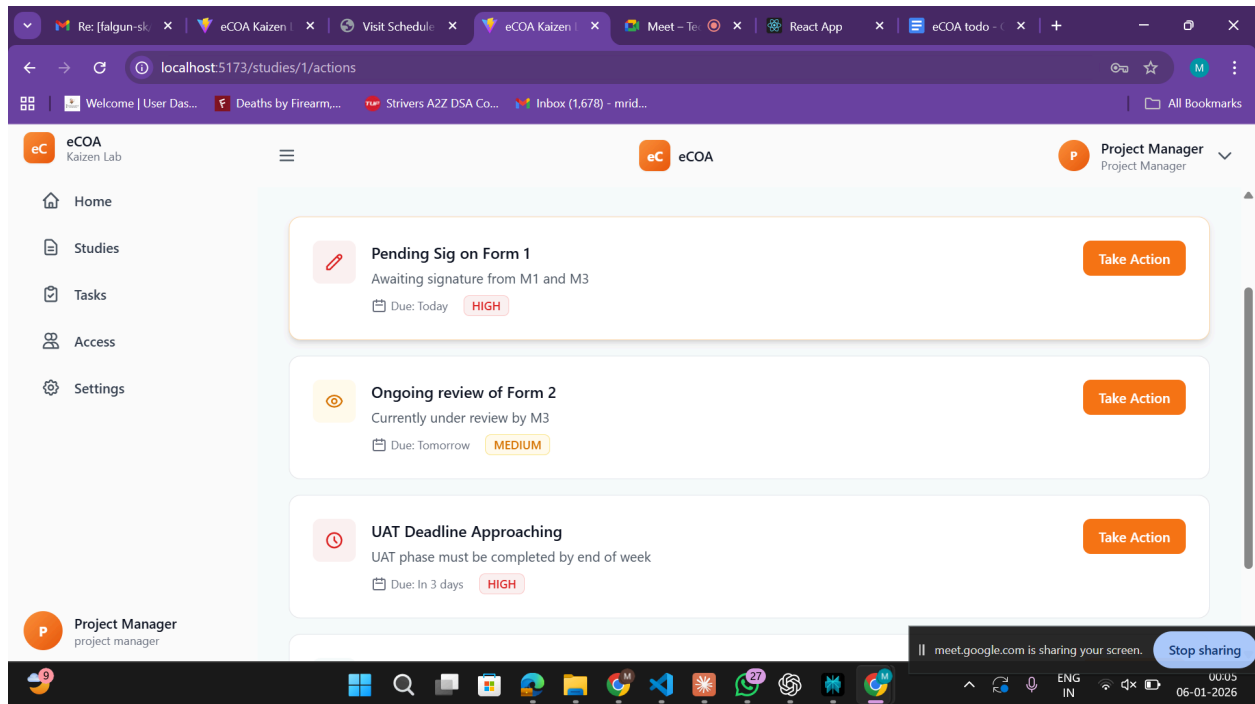

keep completed, in progress and pending counts above the table

The screenshot shows the eCOA Kaizen Lab interface with the 'Docs' section selected. The left sidebar is the same as the previous screenshot. The main content area has a 'Back to Study' link and an 'Upload Document' button. It lists two documents:

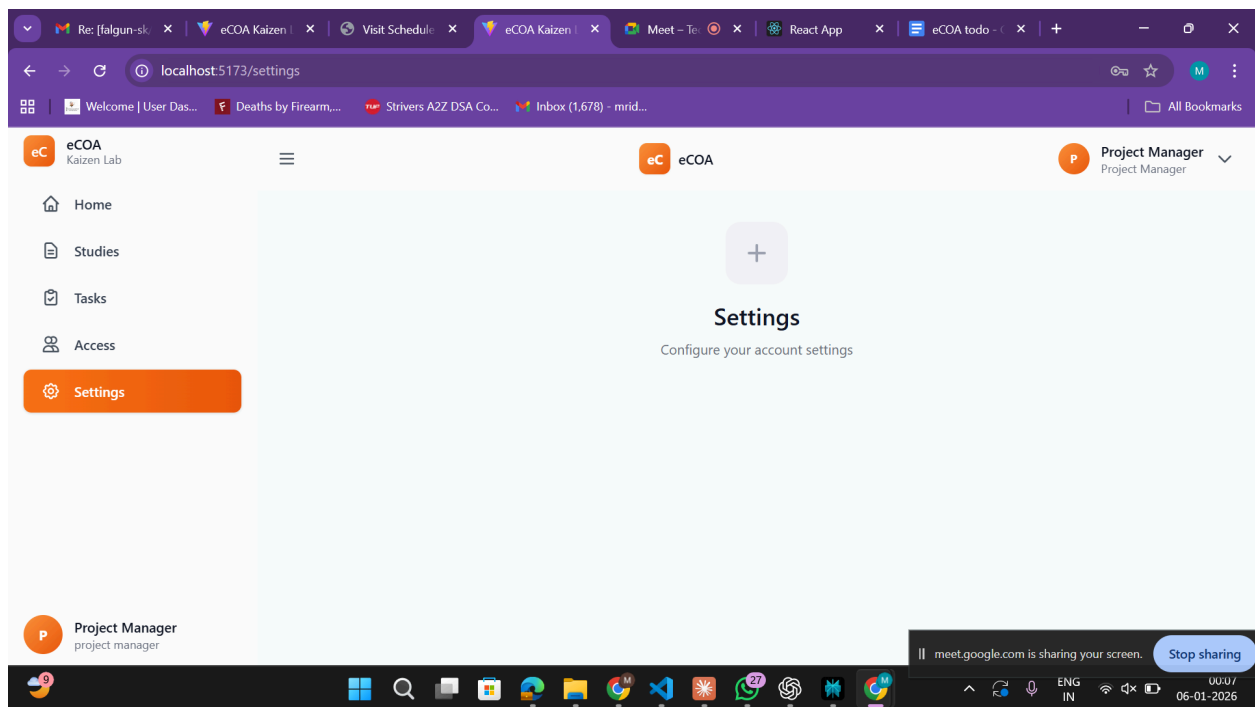

- Study Requirement v2.3**: Study protocol and requirements. Updated 2 days ago by M1. 3.2 MB.
- Site User Guide v1.5**: Instructions for site personnel. Updated 1 week ago by M2. 1.8 MB.

Each document entry includes a download icon, a view icon, and an edit icon. The top right corner shows the user 'Project Manager' with a dropdown arrow. The bottom of the screen shows a Windows taskbar with various application icons and a system tray with the date '06-01-2026'.

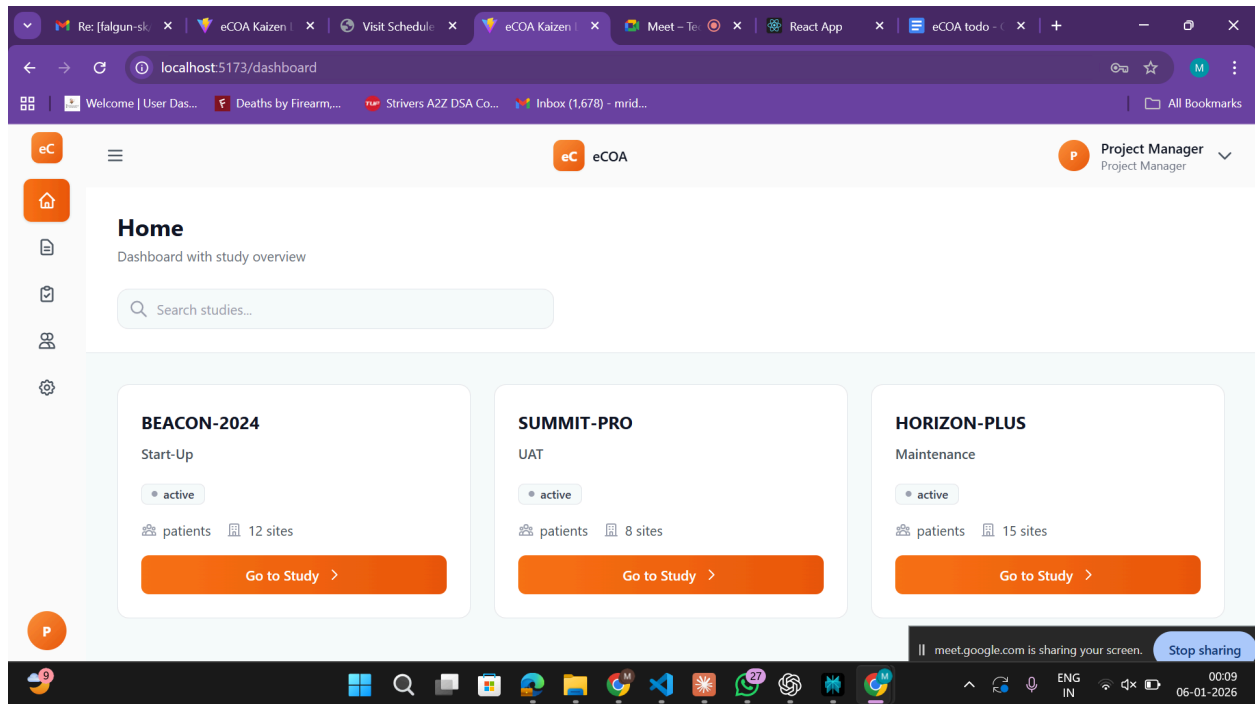

remove all dummy names M1, M2 with real name everywhere.

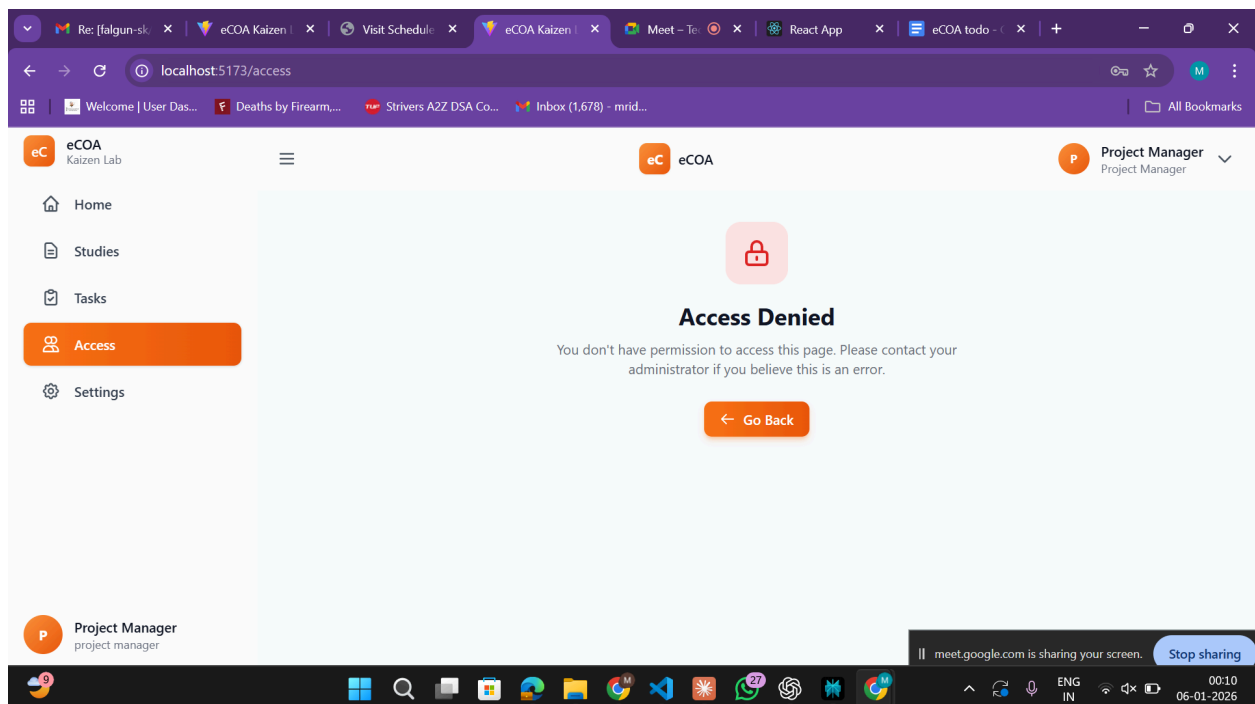

keep this inside the tasks as well.

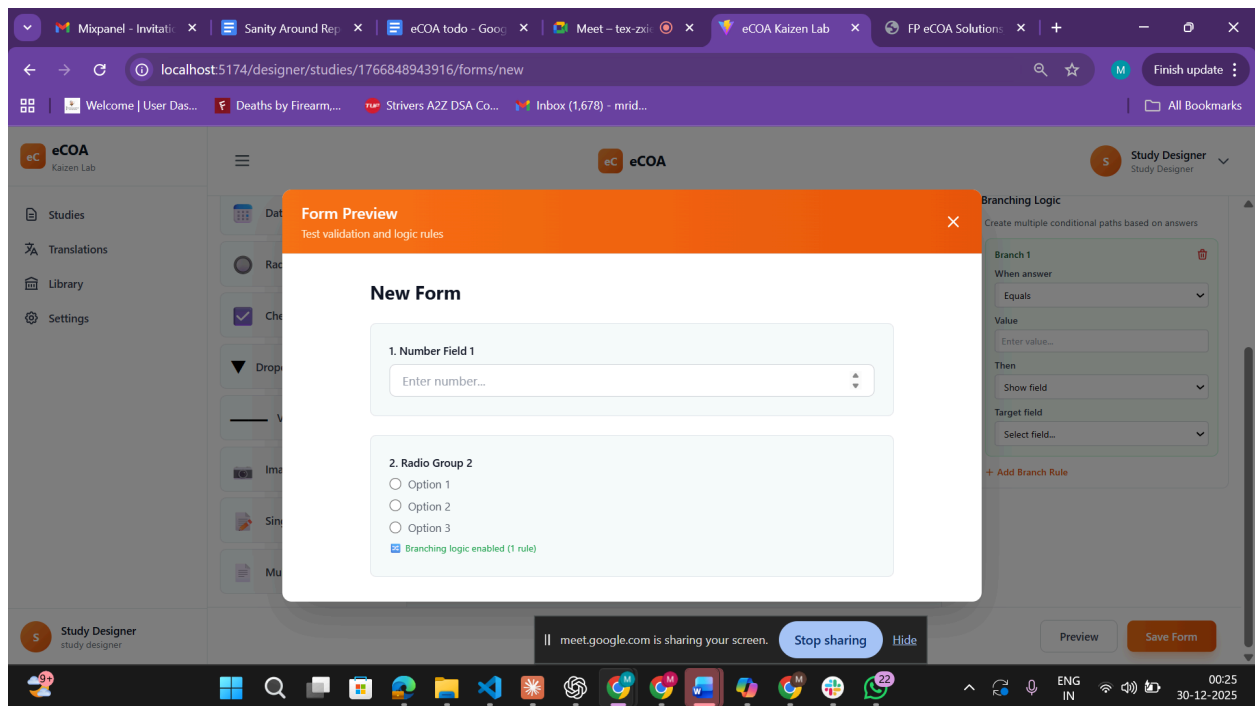

remove the Settings from left navigation bar and remove Project manager icon also from left below.

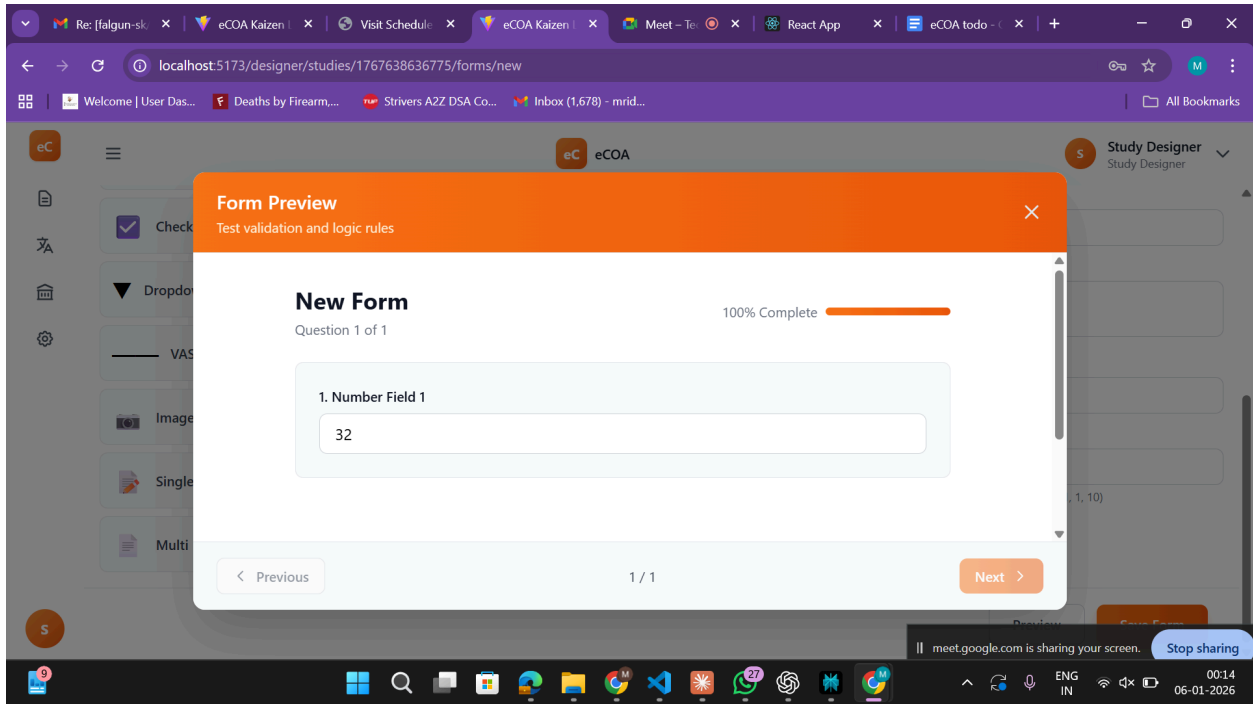

When user login keep the hamburg close by default. And when user want he can open it. Implement this for all the roles login.

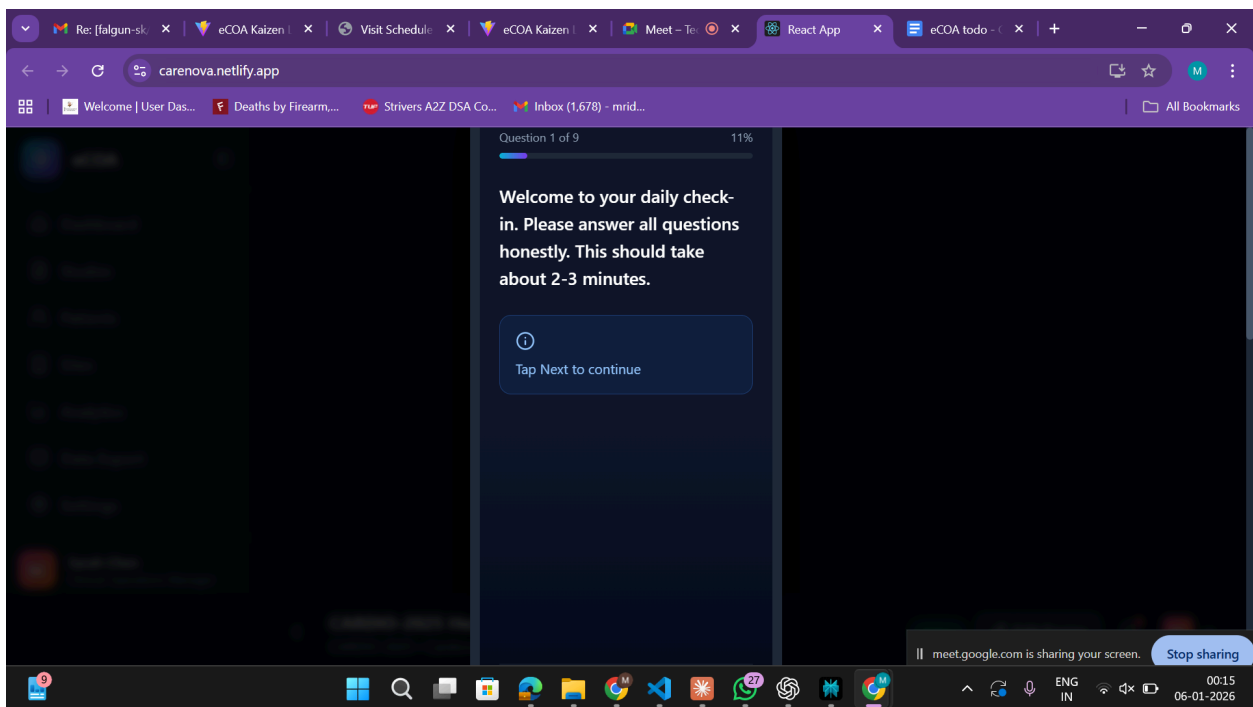

Inside the Access keep the dummy data of the team for now.

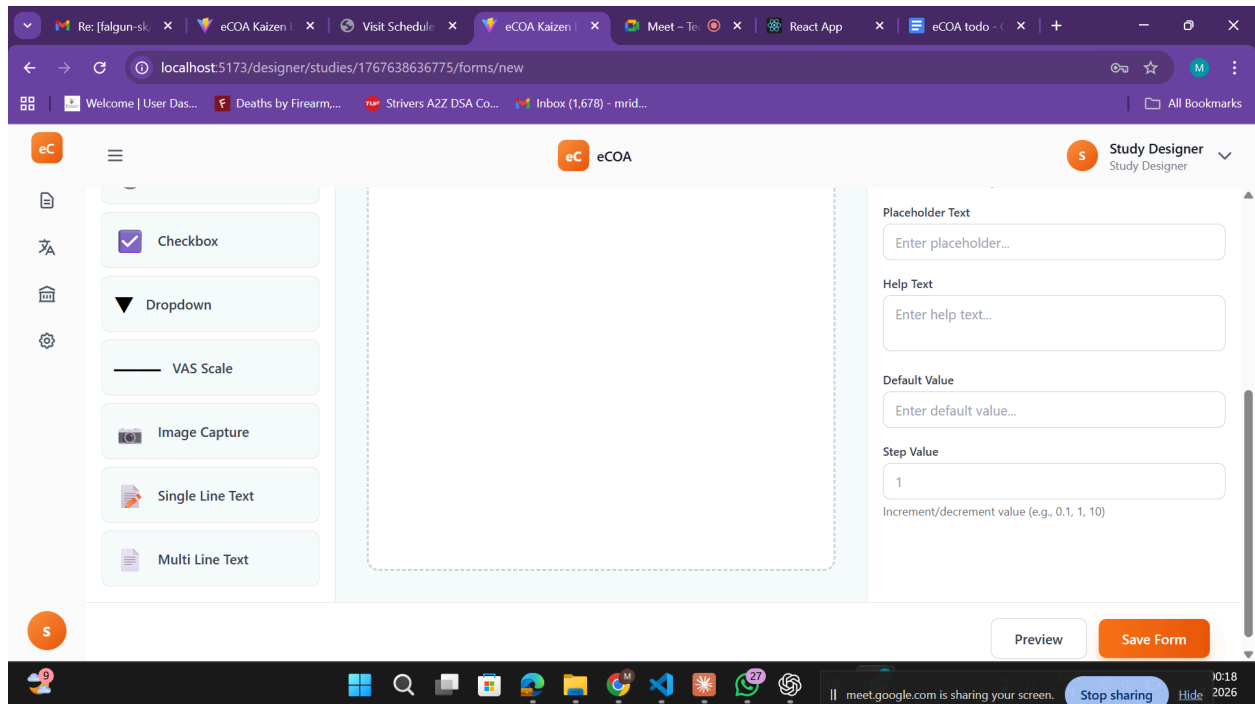

In preview patients should see only one parameters(as slide show), keep previous and next button in each page)

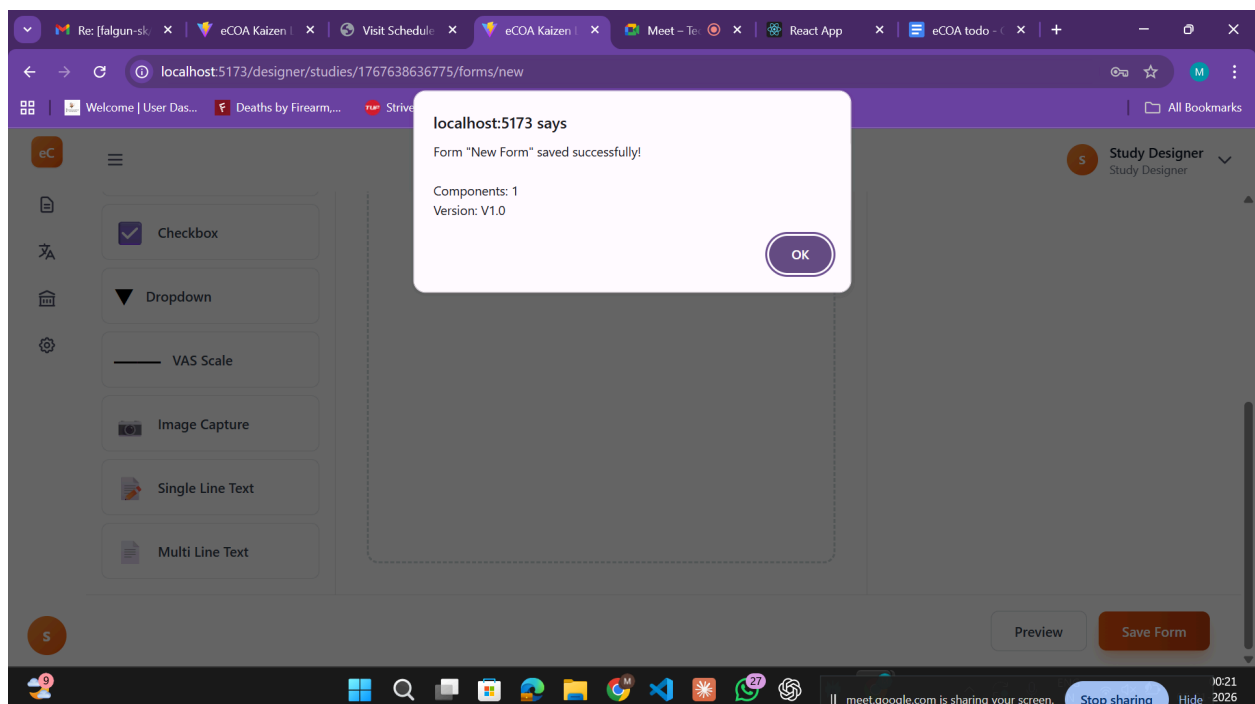

Keep the preview in mobile view. Like this

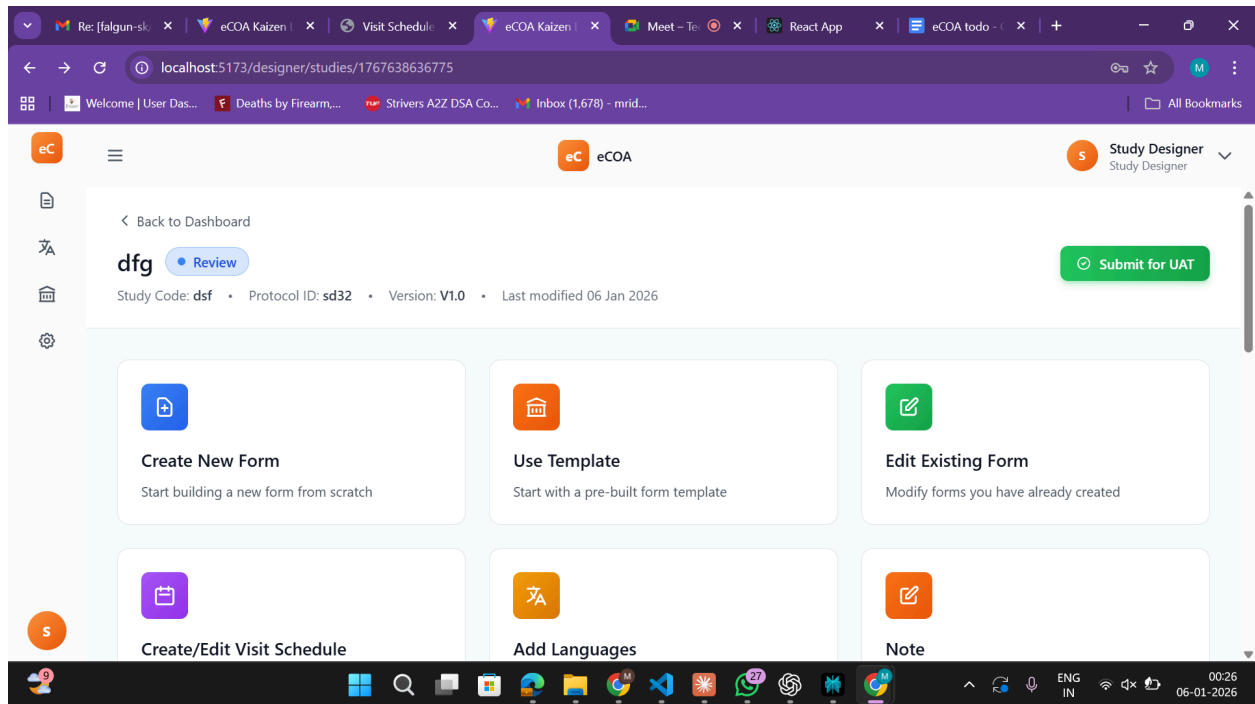

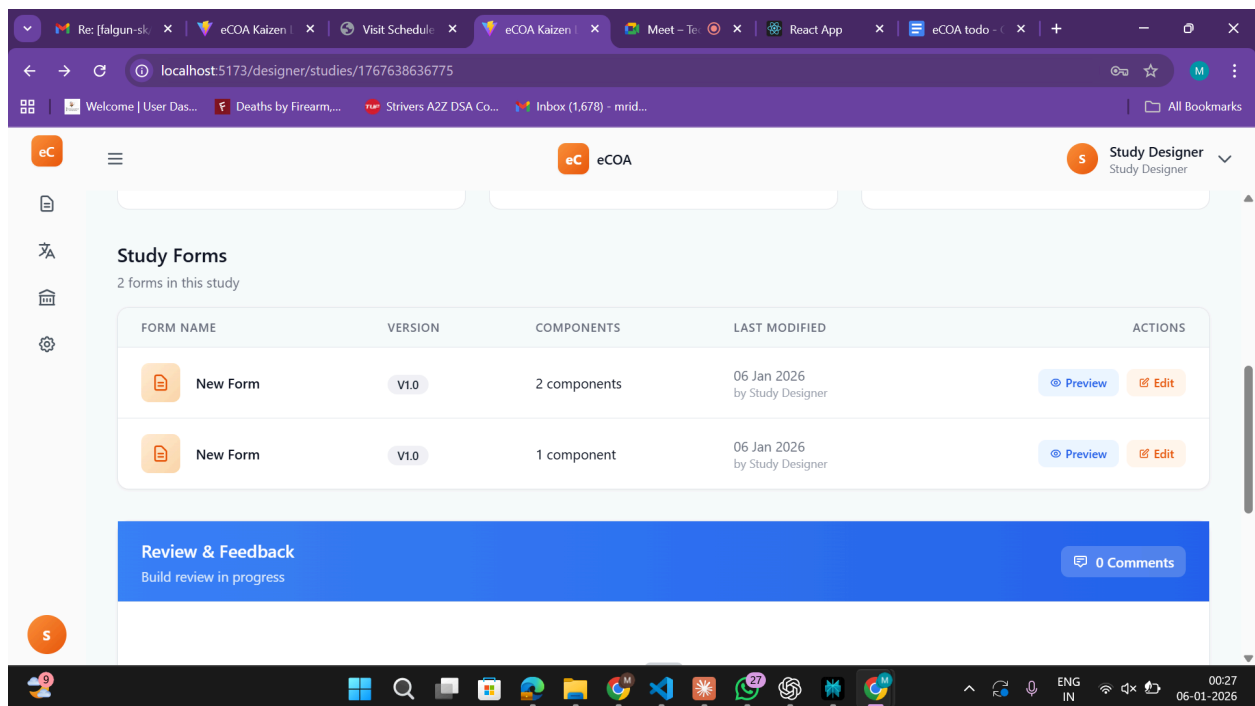

keep Next and Preview button below the configuration card. And keep Preview and Save button sticky so that user can see it while configuring without scrolling.

replace the local host toast with better UI existing library. (implement this for every toast)

remove the submit for reivew/UAT button from here. Keep it below in Actions column and when user click on submit for review it remain disable.

Screenshot of the eCOA Study Designer interface. The browser address bar shows `localhost:5173/designer/studies/1767638636775`. The interface includes a sidebar with icons for document, search, home, and settings. The main content area has three tabs: "Create/Edit Visit Schedule" (Configure study visit timeline), "Add Languages" (Manage study translations), and "Note" (Add designer notes and comments). Below these is the "Study Forms" section, which states "2 forms in this study" and displays a table:

FORM NAME	VERSION	COMPONENTS	LAST MODIFIED	ACTIONS
New Form	V1.0	2 components	06 Jan 2026 by Study Designer	Preview Edit
New Form	V1.0	1 component	06 Jan 2026 by Study Designer	Preview Edit

At the bottom, there is a "Review & Feedback" section with the text "Build review in progress" and a "0 Comments" button.

move this study form components from here to inside Edit Existing form.

And remove the Review & Feedback component completely.

Second screenshot of the eCOA Study Designer interface, showing the "Review & Feedback" section. The "Review & Feedback" header is present with "Build review in progress" and "0 Comments". Below the header, there is a message: "No comments yet. Be the first to add feedback." and an "Add Comment" section with a text input field labeled "Share your feedback or suggestions...".
